WORLD BLOCKCHAIN SUMMIT BANGKOK

8-9 DEC 2022 | THE ATHENEE HOTEL, A LUXURY COLLECTION HOTEL, BANGKOK

EVENT REPORT

Fostering The Future Of Web 3.0

worldblockchainsummit.com/bangkok

Report Overview...

The 23nd edition of World Blockchain Summit – Bangkok 2022, registered more than 1500 global blockchain, crypto and web3 industry leaders under one roof to inspire and stimulate business opportunities through mutually beneficial collaborations across Asia.

The summit gathered leaders, solution providers, blockchain and crypto experts and investors from across the world to engage and network on some of today's most pressing questions in the industry.

During the 2-day summit, more than 30 blockchain solution providers, crypto projects, investment partners and community partners showcased their offerings and were able to network and meet with qualified investors, buyers and other stakeholders to promote their offering, tokens and solutions proving how resilient the regional blockchain ecosystem truly is.

Apart from this, the summit also featured inspirational keynotes, pitch competitions, panel discussions, investor meet-ups, project showcases, industry use-cases and a host of formal and informal networking opportunities.

The show also hosted the Startup World Cup that was both exciting and intriguing. Block Aero, a peer-to-peer collaboration platform built to solve problems in aviation asset management, won an award for best startup.

Conference Highlights

Fireside chat with JIRAYUT SRUPSRISOPA

The first day of the summit started strong with a fireside chat. Jirayut went on to discuss the future of Bitkub and elaborated on its market share and standing today as well as shedding some light on his history with Thailand and his current role as an investor.

JIRAYUT SRUPSRISOPA
Founder and Group CEO Bitkub Capital Group Holdings Co., Ltd.

Keynote by Blockchain Space

Peter introduced Blockchain Space and went on to elaborate the ideas of GameFi, NFTs in gaming and the play-to-earn model. He further showcased case studies from these models and went on to discuss their prospects in the future.

PETER ING
CEO and Founder Blockchain Space

Investor’s Perspective of Digital Assets from Fringe to Future

The panel focused on the future of digital assets. It sought to answer questions regarding Global VC Trends, the overall digital landscape and the flow of capital.

Startup World Cup - Winner

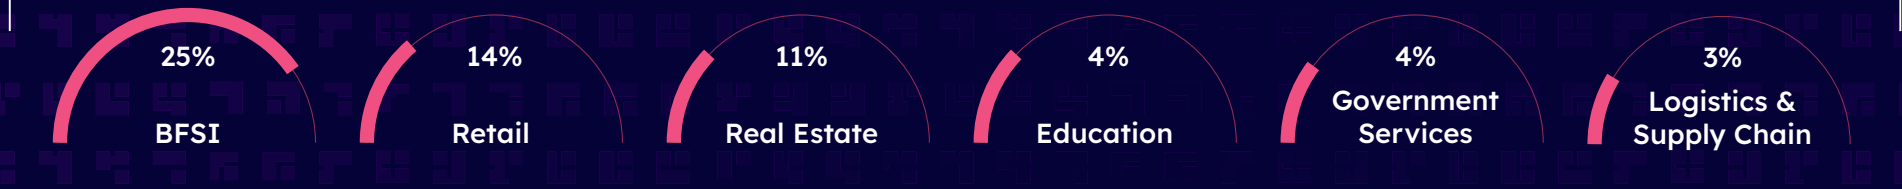

On a day filled with all things blockchain , web3 and crypto, day two ended with an exciting look at some of the latest blockchain projects entering the fray.

Block Aero, a peer-to-peer collaboration platform built to solve problems in aviation asset management took home the award. The company is dedicated to transforming fragmented aviation data into frictionless digital assets with blockchain technology.

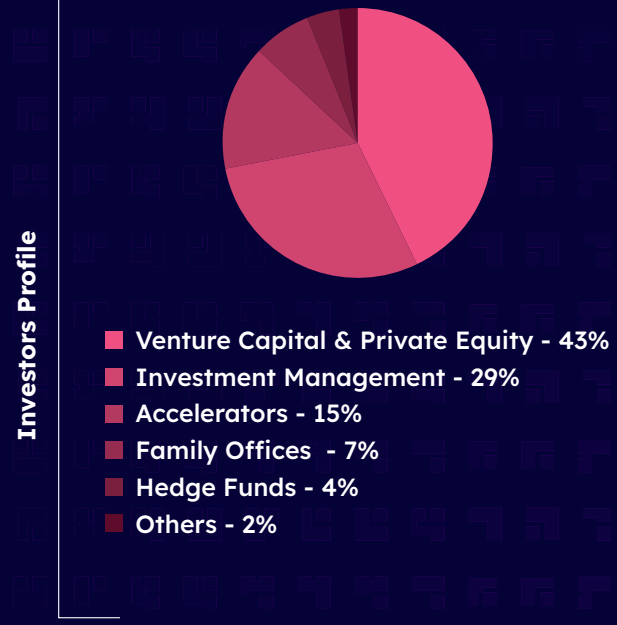

They will now get the opportunity to network with startups and investors at the Grand Finale of the Startup World Cup at San Francisco where they can once again pitch their project for a chance at winning a US$ 1 Million investment prize.

Testimonials

> I've met so many brilliant people here. I've connected with some gaming guilds and some tech projects. I've seen some people are still positive about what they were doing and what happened in the industry (this year). I think it's a good signal that the number of attendees here is also high.

HAN DU
Lead Fund Manager,
KuCoin Labs

> I think I've been a part of WBS since 2019. I think that edition was really good and I really wanted to come here to support the event this time. I got to meet a lot of contacts from the global networks and also meet a lot of people from the industry as well.

SANJAY POPLI
CEO, Cryptomind Group Advisor,
Thailand Digital Asset Association

> We heard that this was the event to go to from the point of view of getting to understand different markets and locations. We've heard a lot of good things about WBS and the previous events, We weren't ready (for the previous ones). So for us it was to come and taste what goes on, what benefit it is to us and without a doubt we'll be going to the next one.

DENIS CREIGHTON
Co-Founder & CEO,
IMPT.io

Testimonials

"The World Blockchain Summit is an important global voice and we are an important global player in what is effectively, let's just call it a decentralized universe of people looking for solutions. These are the forms that bring together the right people in the right environment to talk about the right things that are really important and I think that the World Blockchain Summit is one of the important voice pieces in one of those conversations, and that's why we wanted to be a relevant voice piece here.

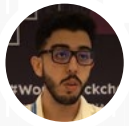

JOEY GARCIA
Director and Head of Public Affairs, Policy, and Regulation, Xapo Bank

"Everything has been great so far, we set up the booths yesterday evening, and since 9'o clock in the morning, we are constantly in discussions. So, it's a one hundred percent fit to our expectations.

FRANK HOLZ
Founder,
Gawooni Metalabs

"This is the first international event that we attend as part of our goals of raising awareness of the company and showcasing the areas of our expertise to the web3 projects. We have seen that World Blockchain Summit here in Bangkok is a great opportunity to showcase what we have.

#WBSDubai Shines the spotlight on web3, crypto regulations and future of finance

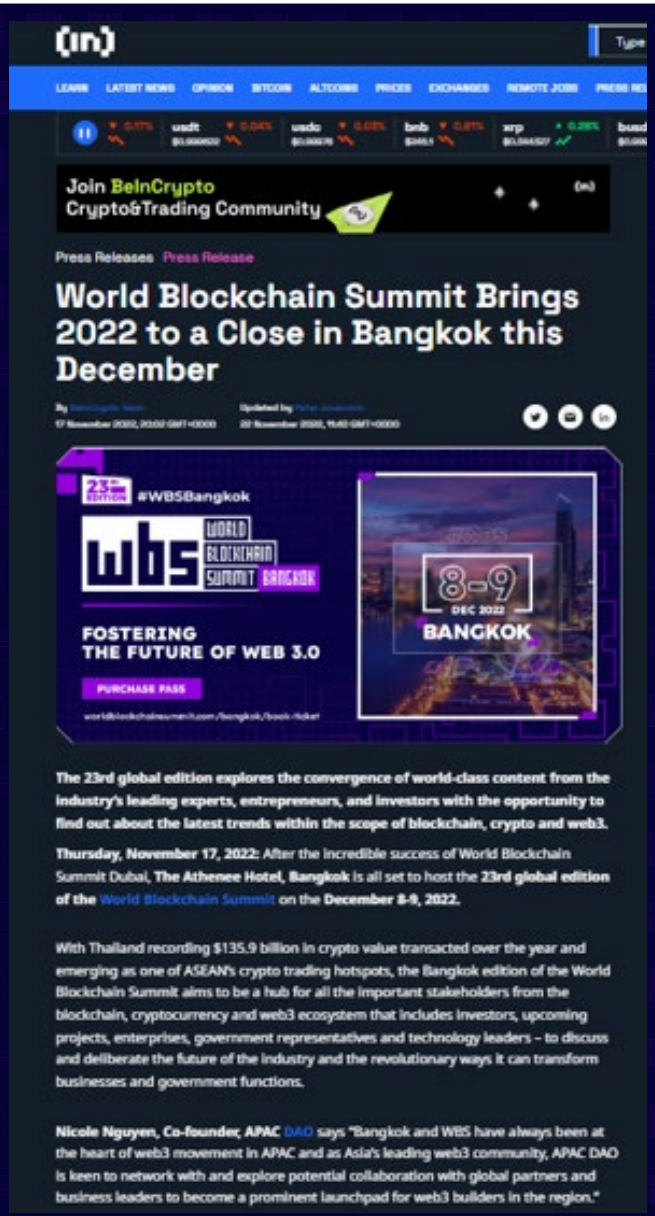

The opening day of the 22nd edition of World Blockchain Summit –Dubai 2022, under the patronage of HH Sheikh Juma Ahmed Juma Al Maktoum, and cohosted by Rimaunangis, brought industry leaders, technology pioneers and web3 fans, all under one roof. The summit featured an opening address by Furqan Rassul, CEO, Elite Partner Investment and H.E. Abdulaziz Alnuaimi, Assistant Undersecretary, UAE Ministry of Economy, and industry heavyweights such as Reeve Collins, Dr. Marwan Alzarouni and Willem Middlekoop.

DUBAI, Oct 26, 2022 - (ACN Newswire) - Industry leaders presenting at the summit included Reeve Collins, Co-founder, SmartMedia Technologies, Co-founder, Tether; Dr. Marwan Alzarouni, Strategic Advisor, Digital Dubai and Willem Middelkoop, CEO and founder, Commodity Discovery Fund, to name a few.

During his address, **Furqan Rassul**, CEO, Elite Partner Investment quoted, *"Since 2017, the World Blockchain Summit has brought together the brightest of minds in the blockchain industry, which is crucial given the blockchain's fast growing role and increasing importance in the global economy."*

H.E. Abdulaziz Alnuaimi, Undersecretary Assistant, Ministry of Economy, UAE, spoke at length about the blockchain and web3 ecosystem, stating, *"Economic Paradigms are shifting, new technologies are shaping the economic landscapes, profoundly altering business and work. The latest advancements in blockchain and web3 are expanding the frontiers and the future is arriving faster than expected. To ensure our businesses remain competitive and future proof with ever changing landscape, we the business leaders and policy makers must keep track of technology development. Therefore, seeing so many distinguished delegates and entire blockchain and web3 community gathered here today is only inspiring".*

Reeve Collins, Co-founder, SmartMedia Technologies, Co-founder, Tether, also shared his thoughts on web3 and metaverse stating, *"(Web3) is really going to change the way we surf the internet because we will have a much more engaging and interactive experience in all the websites that we go. Just like back in the 90s when people said 'Oh we need a website,' turned out everybody did and very soon everyone will need a metaverse because it will be a better way, and a better experience, for users to interact with your content."*

The 23rd global edition explores the convergence of world-class content from the industry's leading experts, entrepreneurs, and investors with the opportunity to find out about the latest trends within the scope of blockchain, crypto and web3.

Thursday, November 17, 2022: After the incredible success of World Blockchain Summit Dubai, **The Athenee Hotel, Bangkok** is all set to host the **23rd global edition of the** World Blockchain Summit on the **December 8-9, 2022.**

With Thailand recording $135.9 billion in crypto value transacted over the year and emerging as one of ASEAN's crypto trading hotspots, the Bangkok edition of the World Blockchain Summit aims to be a hub for all the important stakeholders from the blockchain, cryptocurrency and web3 ecosystem that includes investors, upcoming projects, enterprises, government representatives and technology leaders – to discuss and deliberate the future of the industry and the revolutionary ways it can transform businesses and government functions.

Nicole Nguyen, Co-founder, APAC DAO says "Bangkok and WBS have always been at the heart of web3 movement in APAC and as Asia's leading web3 community, APAC DAO is keen to network with and explore potential collaboration with global partners and business leaders to become a prominent launchpad for web3 builders in the region."
