# SUMMARY

## REPORT OVERVIEW

World Blockchain Summit Frankfurt brought some of the biggest names in blockchain and cryptocurrency industry together who discussed the current state of blockchain, as well as what we can expect to see in the future.

The summit opened with stellar keynotes delivered by Nick Ayton, Founder of Chain Starter; Miko Matsumura, founder of Evercoin and Ex-Prime Minister of Estonia, Taavi Roivas.

The summit also featured thought provoking and insightful panel discussion, as well as tech-talks and fireside chats. Some of the influential speakers at the summit included Julie Maupin, FinTech Advisor to the German Ministry of Finance and Marloes Pomp, Program Manager Blockchain for The Dutch Government.

World Blockchain Summit Frankfurt ended on a high note with Blockstocks winning the ICO Grand Slam and Clarity won the popular choice award.

# DAY 1

## Welcome address

### **MOHAMMED SALEEM**

Chief Executive Officer, Trescon

Mohammed Saleem spoke about the blockchain and cryptocurrency legality in different parts of the world and the role of Trescon in bridging gaps between the global blockchain ecosystem.

## Opening address

### **NICK AYTON**

Founder, Chainstarter

One of the world's most influential leaders in Blockchain technology and tokenomics, NickAyton addressed the audience about the advantages of cryptography and how it will give back power in people's hands.

**PRESENTATION** [↗](#)

## Keynote Presentation

### **MIKO MATSUMURA**

Founder, Evercoin

Miko Matsumura delivered a gripping speech on the future of the crypto market and where it's headed. He also shed light on how we are moving from early adoption to early majority when it comes to blockchain technology.

**PRESENTATION** [↗](#)

## Tech talk

### **KENT KRISTENSEN**

CEO, Messenger Bank

Kent Kristensen spoke about the immense impact of blockchain technology in the banking & data management sector. He also spoke about how his company MessengerBank is on a mission to bridge the gap between digital and fiat currencies by providing a decentralized, blockchain-enabled mobile banking solution that is easy to use.

## Tech talk

### **IGOR CHUGUNOY**

CEO, Credits Blockchain

Igor spoke about their strategic partnership with MessengerBank, and how their union will benefit their existing customers, as well as increase the customer-base to 200 million users by 2025.

**PRESENTATION** [↗](#)

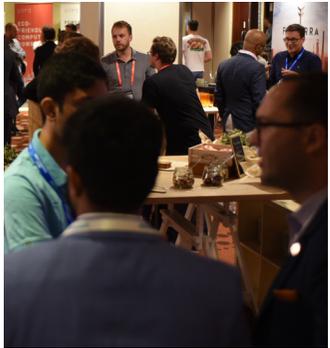

## Tech talk

### **HEMANT KUMAR SAH**

CTO & Co-Founder, Rental Coins

Hemant spoke about his company Rental coins (the ethereum blockchain) which is a distributed technology(Drivezy) tailored for the sharing economy wherein they are creating a fleet of collaboratively owned vehicles that shall be accessible to all.

# COFFEE BREAK

## Keynote Presentation

### **TAAVI ROIVAS**

Ex Prime Minister Of Estonia

Taavi's keynote delivered clarity on the state of cryptocurrencies and blockchain in the Nordic countries. He also cited how Estonia is the first country in the world to have more than 40,000 e-Residents on a healthcare ledger.

**PRESENTATION** [↗](#)

## International Use case

### **HERVE FRANCOIS**

Blockchain Initiative Lead, Ing Bank

Herve Francois spoke about the impact of blockchain in the banking and financial sector. He also elaborated on the use-cases of ING and their future plans to develop their projects further.

**PRESENTATION** [↗](#)

## Keynote Presentation

### **JULIE MAUPIN**

Director of Social Impact & Public Regulatory Affairs,  
IOTA Foundation

Julie spoke about regulatory implications and public sector use cases of DLTs, cryptocurrencies, smart contracts, artificial intelligence, and IoT technologies. She also highlighted various government projects in the decentralized space that are currently either in the planning stage or executed.ledger.

**PRESENTATION** [↗](#)

## Tech talk

### **MARCO ROBINSON**

Founder, NKD Technologies LTD

Marco Robinson - No.1 Bestselling Author, Award-Winning Entrepreneur, founder of NAKED Technologies spoke about Naked Dollars, the world's first asset-backed hybrid utility token.4. He also spoke about his initiative BIGLUV, a two-way charity on blockchain wherein people can donate any number of things to homeless people including business opportunities.

**PRESENTATION** [↗](#)

## Panel discussion

### Legal and Regulatory Panel

- Blockchain – Background, Challenges and Legal Issues
- KYC and Digital Identity
- Various legal issues of Smart Contracts
- Model for the governments to transition into a new digital economy
- Various ways to legitimize the ICO Market
- Will regulation prevent technology breakthrough?

The panel spoke about regulatory status in different European countries and various projects that are underway in Europe. They also shed light on why regulatory laws are important from investors and customer's point of view.

Additionally, they also spoke about the complexity of business registration processes in different European countries and laws that makes it difficult for businesses to set up.

## PANELISTS

**HANS-HERMANN DIRKSEN**  
Attorney, Liebenstein Law

**MARLOES POMP**  
Head of Blockchain Projects,  
Dutch Government

**MARKUS KAULARTZ**  
Lawyer, CMS Germany

**CHLOE IPERT**  
Business Builder,  
Deutsche Ventures

# COFFEE BREAK

## How to launch a World Class ICO (Initial Coin Offering)

### **CHRISTIAN FERRI**

President & CEO, Blockstar

Christian took the audience through the steps to launching a successful ICO. He emphasized the importance of the right strategies and business planning in order to achieve success in launching an ICO. He ended the keynote by introducing his company blockstar which is a full-service blockchain ICO firm.

**PRESENTATION** [↗](#)

## Reshaping organizations with Blockchain

### **SYAM SUNDAR**

CEO, Requit Technologies

Syam elaborated on the benefits of blockchain in various industries and corporations. He further elaborated on the challenges and benefits of the technology in various sectors citing existing use cases.

**PRESENTATION** [↗](#)

## **Crypto Assets, ICOs & Crypto Funds**

### **PHILIPP SANDNER**

Head, Frankfurt School Blockchain Centre

Phillip spoke about the future of blockchain technology which is proving a layer for the “internet of value” in addition to the existing “internet of information”.

**PRESENTATION** [↗](#)

## Panel discussion

Blockchain – A Tool for Freedom

- Accelerating Digital Transformation using Blockchain
- Blockchain’s impact on society
- Blockchain 3.0 and why it matters to us
- Potential future trends in Blockchain

The panel discussed about the role of blockchain in digital transformation and Blockchain’s impact on society. They also shed light on blockchain 3.0 which addresses High Scalability, Interoperability, Sustainability, Privacy and Governance wherein companies are building solutions using all five properties so that they can adapt to the ever-changing demands of this space.

## PANELISTS

**FRANZ VON WEIZSACKER**

Head of Blockchain Lab, GIZ

**SYAM SUNDAR**

CEO, Requitel Technologies

**STEFAN HEILMANN**

CEO, IEG - (Investment Banking Group)

**CHISTIAN FERRI**

President & CEO, Blockstar

**JAYCEN HORTON**

CTO, Kryptox

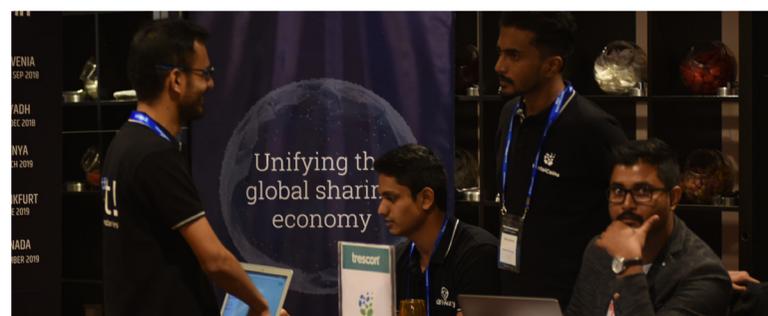

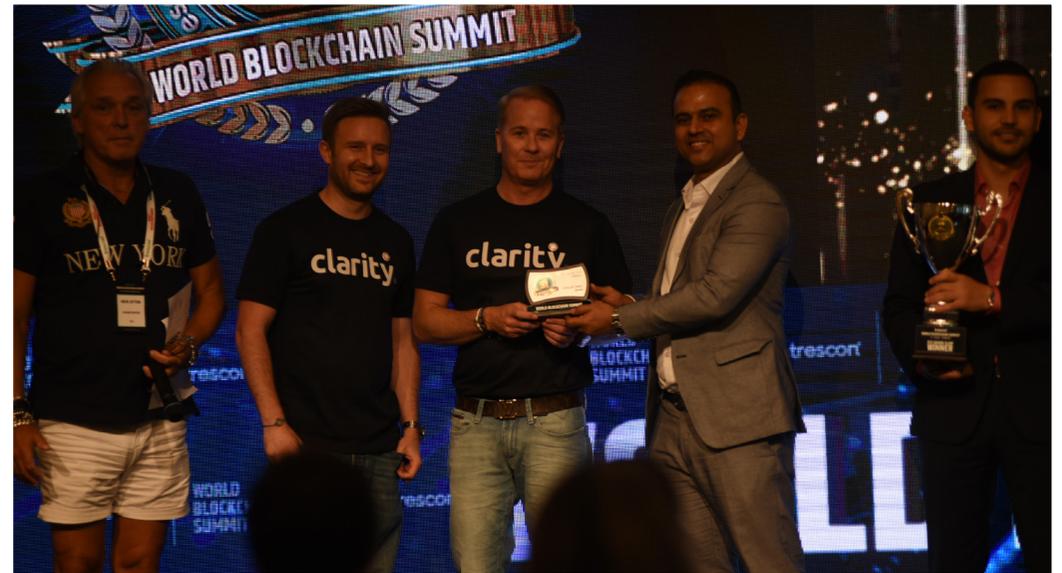

**SVEN LAEPPL**

Founder & CEO, Astratum

## International usecase - Blockchain in Real Estate

### CHLOE IPERT

Business Builder, Deutsche Ventures

Chloe spoke about blockchain application and solutions in Real estate industry. She also cited various companies who have built solutions around real estate.

[PRESENTATION](#) 

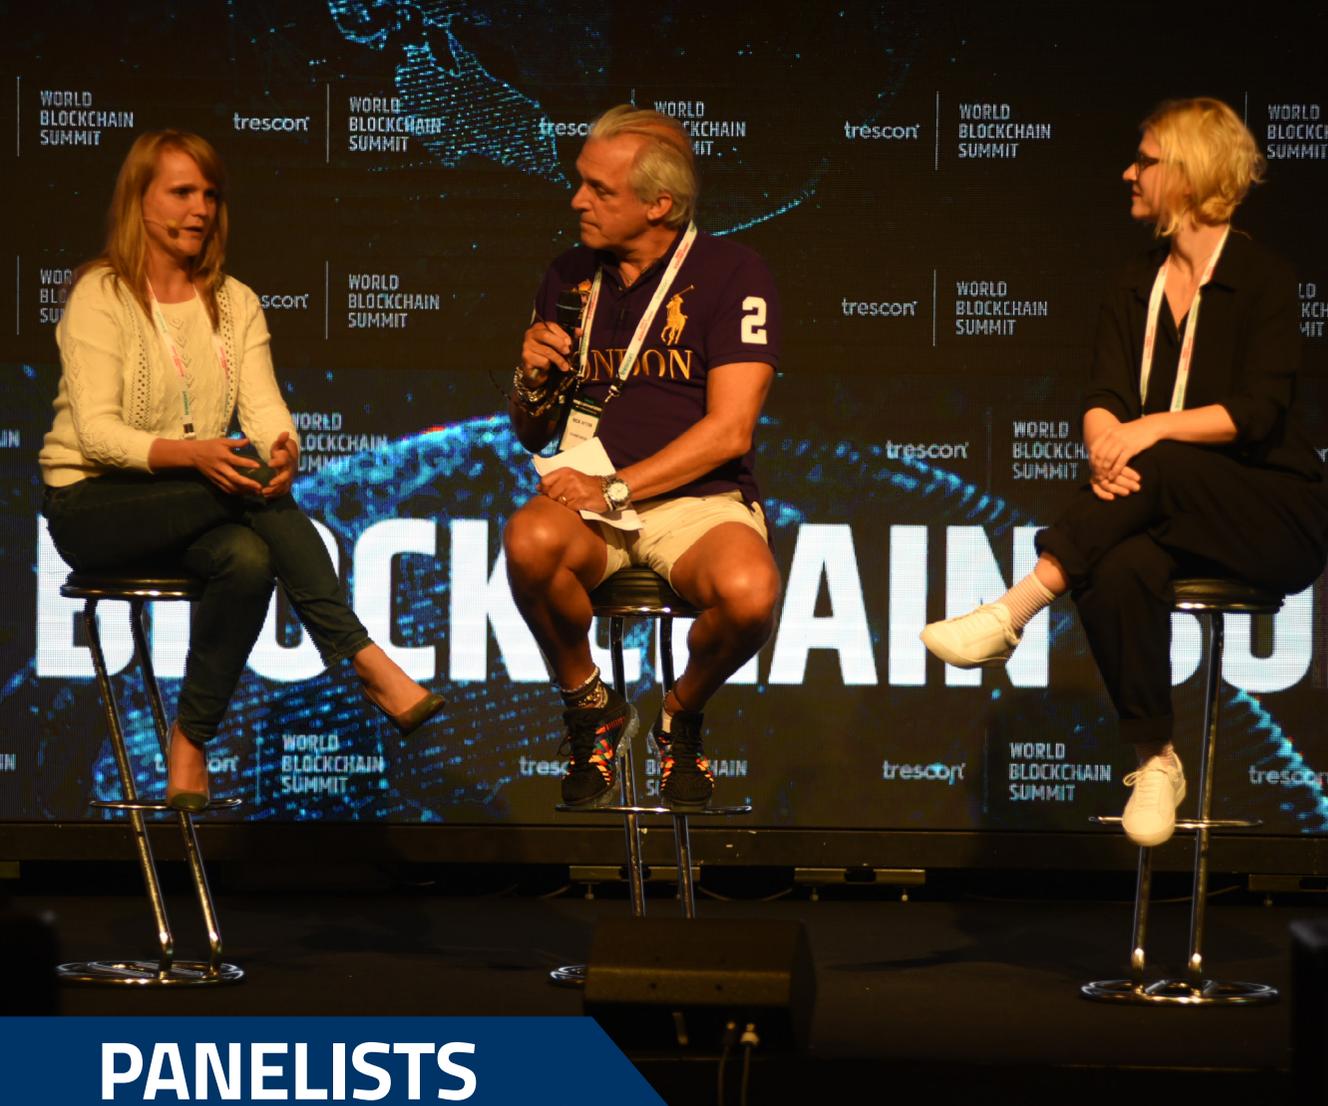

## Tech Talk – Blockchain can be a force for good

### AYNSLEY DAMERY

CEO, Clarity

Aynsley spoke about his company Clarity wherein small business owners can securely store all their financial and business data, such as staff contracts, bank loan agreements, insurance details, and health and safety reports.

[PRESENTATION](#) 

## Fireside Chat

### Blockchain in Supply Chain and Logistics

The panel discussed about application of blockchain in supply chain and logistics. They spoke about how blockchain can solve various challenges involved in the process; be it data, tracking or finances. Finally, they revealed the positive impact of blockchain from start to end in a supply chain cycle.

## PANELISTS

**DR. KATHLEEN OLSTEDT**  
General Manager, +D

**DARINA ONOPRIENKO**  
CEO, Evertrace

**NICK AYTON**  
CEO, Chainstarter  
(Moderator)

### Tech talk

## **DR.PETER VEST**

Advisor, Scutix

Dr Peter Vest demonstrated about his company Scutix which is a self-sustaining infrastructural solution for generating eco-friendly computing power.

# DAY 2

## Motivational training

### STEVEN MELNIK

Founder, CIA life amplified System TM - StevenMelnik.org

Steven opened day 2 of the summit with a powerful motivational training called Life Amplified™ that helps people discover the simple tools that allow you to live the life they really want.

## Tech-Talk

### AL EWERS

Managing Director, Potrero Capital GmbH

Al Ewers spoke about the significance of ICOs in future investments. He also spoke about Potrero capital which is an advisory firm for investments in ICOs.

**PRESENTATION** [↗](#)

## Investing in Blockchain and using it for philanthropic measures

### **BRUCE PORTER**

CEO, GlobalBoost

Bruce presented about his company called GlobalBoost which is a cutting edge socialized platform that expand your digital reach. He spoke about various companies that he is involved in like Ducatur, Vodux, Endo, Naked.Market, UMC coins and Crystals. He also spoke about how his show Wild West Crypto show is helping companies reach out global audience.

## Panel discussion

- What is the appeal of 'altcoins' to investors?
- ICOs – A new asset class for institutional investors?
- Pros & Cons of having a diversified investment portfolio
- Key aspects to consider before funding an ICO?

The panel highlighted the different factors investors see before investing in any given ICO. They also spoke about how utility tokens are becoming a popular choice for investors and different factors that attracts investors to such ICOs.

## PANELISTS

### **NITHIN EAPEN**

Chief Investment Officer,

Tech Talk

### LASSE MAKELA

Co-Founder & CEO, Invesdor

Lasse spoke about the current senerio and future of digital fundraising. He spoke about his company Invesdor that connect businesses from the European Economic Area with investors worldwide digitally.

[PRESENTATION](#) 

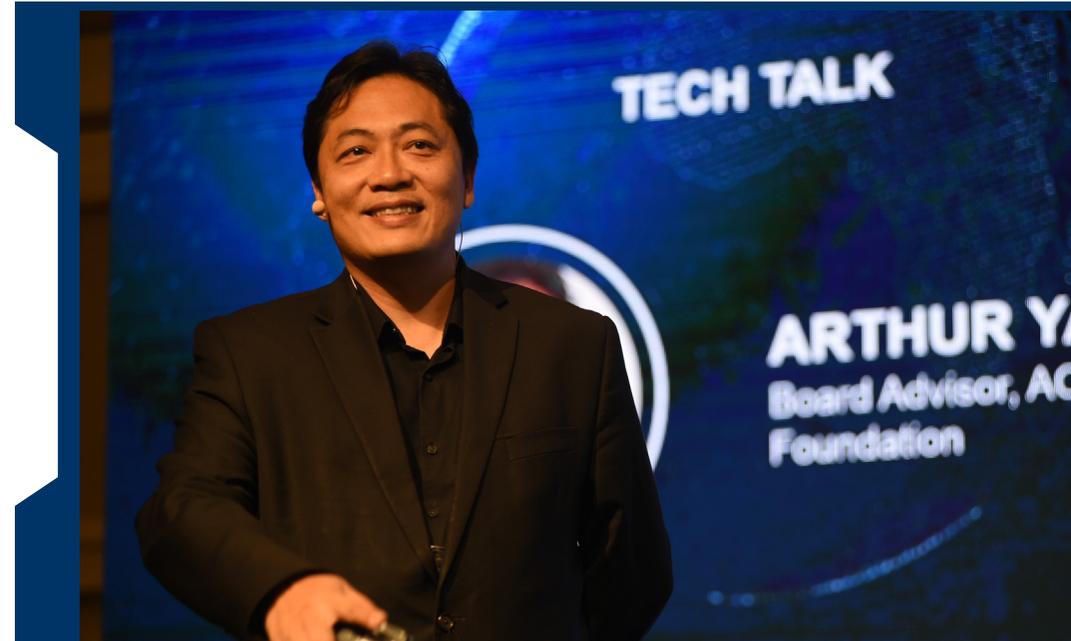

## Tech talk

### Arthur Yao

Board Advisor, ACO Platform Foundation

Arthur presented his company ACO platform which is dedicated to improving the health of the token ecosystem by bringing institutional underwriting and due diligence to the token economy.

[PRESENTATION](#) 

## Blockchain meets Industry 4.0

### Axel Angeli

Digital Transformation Evangelist Founder Logosworld

Axel spoke about different areas for digital transformation.

He also shed light on evolution of technology in phases and the role of blockchain in digital transformation. He also mentioned various projects in this space.

[PRESENTATION](#) 

# LUNCHOEN NETWORKING

## Investing in Blockchain and using it for philanthropic measures

### **RUBEN BACH**

Partner, SVS Capital Partner

Ruben spoke about the ICO best practice and execution. He shed light on what makes a great ICOs including team involved, the idea and execution.

**PRESENTATION** [↗](#)

## Future of Cryptocurrency Exchanges

### **MAXIMILIAN MARENBACH**

Head of Partnerships, Kraken

Maxmillian Marenbach spoke about his bitcoing exchange Kraken. He answered questions from the audience related to the security, speed and reliability of the exchange.

## Investing in Blockchain and using it for philanthropic measures

### **ROBERT SCHWERTNER**

Social Media Influencer/ Blogger

He spoke about blockchain use cases and the added value cryptocurrency can offer to society. He called it #returnonsociety which has quickly gained popularity.

**PRESENTATION** [↗](#)

## PANELISTS

**MARCO ROBINSON**  
Founder, NKD Technologies Ltd

**BRUCE PORTER**  
CEO, Global Boost

**PATRICK LOWRY**  
CEO, Iconiq Labs

**PAVEL KRAVCHENKO**  
Founder, Distributed Labs

## Panel discussion

What's next for Cryptocurrencies ?

- Will ICOs gradually evolve over the years and how?
- Decentralized exchanges and the future of Crypto trading
- (DApps) The new decentralized future?
- Will the rise of Altcoins explode Bitcoin?
- Will Security tokens scale in 2018?

The panel spoke about the Evolution of ICOs over the years. They urged on genuine ICOs projects that solves business problems rather just a marketing hype. They also shed light on importance of research on the technology itself rather than plain regulation. This way we can sketch out a better future for the technology.

## PANELISTS

## World Blockchain Summit в Москве при поддержке CFO Russia

11.04.2018

Герман Клименко и другие ключевые представители власти примут участие в World Blockchain Summit в Москве.

«Это еще больше усиливает решимость России полностью регулировать криптоиндустрию в стране и настаивать на децентрализованном законодательном органе»

Москва, 29 марта 2018 года. По мере того, как приближается World Blockchain Summit, мероприятие начинает набирать обороты: еще один высокопоставленный чиновник заявил о своем участии, чем продемонстрировал решимость России внедрить технологию блокчейн в ключевых отраслях промышленности. Герман Клименко, советник президента по вопросам развития интернета, является последним ключевым представителем Кремля, который присоединится к группе лидеров мысли и правительственных чиновников на саммите. Двухдневный саммит, проводимый международной event-компанией Trescon, будет проходить в Московском Renaissance с 26-27 апреля.

Герман Клименко является одним из ближайших советников президента РФ Владимира Путина и лидером мнения в Кремле, не раз высказывавшим свое недовольство недостаточным регулированием криптовалют и других цифровых валют для обеспечения прозрачности процесса.

«Криптовалюта в целом — это просто анонимные кошельки. Есть WebMoney, и он для меня мало чем отличается от биткоинов с точки зрения пользователя. WebMoney реализует то же шифрование, тот же принцип секретности, разве что у них клиент — серверное решение, а у блокчейна это решение распределенное», — рассказал Клименко в одном из своих интервью.

«Криптовалюта в целом — это просто анонимные кошельки. Есть WebMoney, и он для меня мало чем отличается от биткоинов с точки зрения пользователя. WebMoney реализует то же шифрование, тот же принцип секретности, разве что у них клиент — серверное решение, а у блокчейна это решение распределенное», — рассказал Клименко в одном из своих интервью.

«Это привело к решению Центра о регулировании всех криптовалют, а также о запуске централизованной криптовалюты под названием «КриптоРубль» к середине 2019 года».

**World Blockchain Summit Moscow | 26-27 April 2018 | Moscow, Russia**

Event Website: <https://moscow.worldblockchainsummit.com/>

Blockchain's ability to generate exceptional opportunities to create and trade value in society is leading a monumental shift from 'internet of information' to 'internet of value'. No wonder why Russian governments are planning to implement policies to prepare government-wide adoption of blockchain tech by 2019.

It is time to identify and prioritise the various service areas in public and private organisations that can benefit from blockchain technologies – and educate the market about the transformational potential of blockchain and Distributed Ledger Technologies.

World Blockchain Summit aims to connect global blockchain gurus and technology players in this space including emerging startups – with regional business and IT leaders from across key industry verticals.

# MEDIA COVERAGE

**MiraLab** @OfficialMiraLab · Jul 4

We had managed to hold several dozens of meetings at #WBSFrankfurt! One of the most striking example was the talk with @jochenbiederm, a global financial expert, business developer. His interest includes legal & regulatory aspects of Blockchain applications as well as ICOs.
