Testimonials

Dubai FinTech Summit is impressive by so many things, the level of participants here in the event, the speaker's profiles and the topics being selected and also the kind of exhibitions, and the mix of matured players, entrepreneurs and startups, it checks all the boxes.

Khalifa Al Shamsi
CEO at e& life

I think Dubai FinTech Summit has been superb and a real success. The speakers have been great, and the topics covered have been done to a very good level and very understandable and yet detailed. Overall, it was an excellent experience here at the event.

Chris Parsons
Senior Executive Officer
Standard Chartered Bank

Dubai FinTech Summit has been great in terms of the content, the speakers, and everyone. For us its been great so far, we love how we bought different players of the ecosystem together, because if you look at the VISA booth we are trying to represent how all of the different players within the ecosystem can contribute to the growth of the FinTech space and this is what we are driving at the core of the network.

Sara Tabana
Head of MENA Digital Partnerships, Fintech & Ventures, Visa

Testimonials

Dubai FinTech Summit is overwhelming with the exposure we are getting from meeting different stakeholders and also with H.H. Sheikh Maktoum bin Mohammed bin Rashid Al Maktoum visiting our booth, overall it's been a great experience and we can't wait to come back next year.

Ghada Karim
Head of Marketing
Geidea

We were able to meet 100s of people who could be buyers, suppliers, stakeholders, and regulators. If I wanted to meet these people in the normal course of life maybe it will take me 6 months to a year, so I'm able to collapse those number of meetings in these 2 days so its great for us.

Navin Gupta
MD MENA & SA
Ripple Middle East Ltd

Dubai FinTech Summit was quite a commendable event and absolutely the experience, the planning, the journey was quite meticulously done and I must compliment the organisers, the DIFC for putting all the efforts together to bring the right stakeholders, the right talent for the right FinTechs at a great platform.
