“

I am honoured for the invitation to speak at the inaugural Future Sustainability Forum and address the importance of sustainable development and the role ESG financing plays to support this global mission. It is crucial for representatives from the Caribbean to have a platform to communicate their unique challenges and collaborate with our global neighbours on meaningful solutions. As Minister of Sustainability, Innovation and the Environment, I am committed to working with our international partners to promote sustainable practices and create a brighter future for generations to come.

“

When we talk about Future Sustainability Forum, organized by DIFC, it stands out as one of the largest forums, and it's taking place in the region for the first time. With all the major banks in attendance, what we at AXA Climate are eager to do is engage in conversations with these organizations to understand their journey and explore potential partnerships

Testimonials

The Future Sustainability Forum has been exceptionally enriching. The speakers have been truly outstanding. I believe the topics covered have been highly interdisciplinary, encompassing not only sustainability but also delving into blockchain and AI and exploring how these technologies can be seamlessly integrated to forge a better world. Thus far, the experience has been nothing short of amazing.

Ana Solana
Founder
Innovation Forest

As an investor, I have been exploring numerous investment opportunities, and we have invested in several water-related projects. We were keen to understand what organizations are doing in this space and what the latest trends are. I believe that Future Sustainability has been an excellent platform that has provided valuable insights.

Akshay Arora
CEO
Euphoria Capital Partners

The discussions, the panels, and the overall environment have been truly fascinating. There have been many excellent speakers and intriguing topics. I am also excited to see the region embracing climate change and sustainability in general. I must say, I've been truly impressed by the speakers from both day 1 and day 2. It has been a privilege to be at the Future Sustainability Forum in Dubai.
