WORLD AI SHOW SINGAPORE

2-3 AUG 2023 | MARINA BAY SANDS EXPO AND CONVENTION CENTRE, SINGAPORE

AI Meets Business: Leading the Way with AI-Powered Digital Transformation

POST-EVENT REPORT

Event by trescon

WAIS Overview

The 42nd global edition of World AI Show– Singapore 2023 was a huge success! Over 1500+ experts in AI and emerging technologies. tech leaders and industry experts from all over the world gathered to network, learn, and grow their businesses.

The summit was packed with exciting events, including keynotes, panel discussions, and project showcases. Attendees had the opportunity to meet with experts, investors, partners, and other stakeholders, and learn about the latest trends in the industry.

One of the highlights of the summit was the official launch of the Digital Acceleration & Transformation Expo (DATE), a forthcoming event scheduled to take place in Singapore in August 2024, that consists of 10 conference streams and is expected to attract over 3,000 business visitors.

Overall, the 42nd edition of World AI Show – Singapore 2023 was a great success. Attendees gained valuable insights into the latest advancements in AI that will shape our future.

Trescon has announced its plans to host the 42nd edition of World AI Show in Singapore, an international platform that highlights the latest advancements and innovations in enterprise AI solutions. Taking place on 2-3 August 2023 at the esteemed Marina Bay Sands Expo and Convention Centre, this highly anticipated event will bring together IT Heads and business leaders from enterprises and governments across the APAC region.

Singapore, renowned as a thriving hub of technological progress, has been chosen as the host city for the 42nd edition of World AI Show, organized by Trescon. This distinguished event is recognized for its ability to showcase the most recent trends and innovations in enterprise AI solutions, catering specifically to IT Heads and business leaders from enterprises and governments in the APAC region. World AI Show - Singapore aims to foster collaboration and knowledge exchange, offering a glimpse into the future of AI and its diverse applications.

World AI Show will act as the gathering point for AI enthusiasts, industry experts, global thought leaders, and innovators, where they will share insights, and explore cutting edge AI solutions. Attendees can expect to acquire invaluable knowledge through keynote presentations, discussions on enterprise use-cases, panel sessions, and interactive tech talks. Furthermore, the event will create networking opportunities, allowing participants to connect with like-minded professionals and establish partnerships that will accelerate AI adoption within their respective organizations.

By hosting its 42nd edition in Singapore, this prestigious event solidifies its status as a global congregation of AI experts, government officials, and industry leaders. The World AI Show will provide a platform for attendees to explore and discuss the challenges, latest trends and opportunities in the world of AI, as well as provide them with actionable strategies and invaluable insights. Participants will be allowed to experience the transformative capabilities of AI in diverse industries.

Naveen Bharadwaj, Group CEO of Trescon, is looking forward to the upcoming event, stating, *"World AI Show is a unique platform that brings together global AI experts, government officials, and industry leaders to shape the future of AI. Singapore's vibrant tech ecosystem and strategic location in the heart of APAC make it an ideal host for our 42nd edition. We are excited to witness ground-breaking discussions and witness the transformative potential of AI in enterprise solutions."*
