REPORT OVERVIEW...

The 22nd edition of World Blockchain Summit – Dubai 2022, registered more than 2000 global blockchain, crypto and web3 industry under one roof to inspire and stimulate business opportunities through mutually beneficial collaborations across the globe.

the summit gathered elite leaders, solution providers, blockchain and crypto experts and investors from across the world to engage and network on some of today's most pressing questions in the current industry. The event featured enlightening sessions discussing the blockchain and crypto space. It also featured panel discussions, industry highlights, use-case-studies and much more.

During the 3-day summit, more than 50 blockchain solution providers, crypto projects, investment partners and community partners showcased their offerings and were able to network and meet with qualified investors, buyers and other stakeholders to promote their offering, tokens and solutions proving how resilient the regional blockchain ecosystem truly is.

Apart from this, the summit also featured inspirational keynotes, pitch competitions, panel discussions, investor meet-ups, project showcases, industry use-cases and a host of formal and informal networking opportunities.

The show also hosted the Startup World Cup that was both exciting and intriguing. Shipfinex, a company that is tokenizing maritime assets & simplifying investments, enabling Instant payments & a decentralized marketplace by using defi & web3 technologies, won an award for best startup.

TESTIMONIALS

"I think WBS is one of the platforms we know. We have been coming here for the last five years. This is the oldest running blockchain summit happening. It's a platform where all blockchain and crypto companies can showcase themselves, connect to the right people. I believe there is no other platform than WBS to connect to the right people of this industry."

CAPT. VIKAS PANDEY
Co-founder and COO,
ShipFinex

"I came to this event specifically to look for private investors for an idea we're doing. So far, it's delivered really well. It was exactly as advertised, very high quality demographic of people to talk to about blockchain, so it's been amazing."

ANDREW RINGLEIN
President and Founder,
Communi3

"This is like the highest quality event there is. Everybody knows the World Blockchain Summit, everybody knows Dubai and this is the crypto haven of the world. It's a big bubble here and there's always an event here every single week based around crypto."

DREW WOLFER
Co-Founder of PreSend &
Founder, Wolfer Finance

TESTIMONIALS

I've had the chance to speak at different WBS events like Malaysia, Singapore, Thailand and now Dubai. One thing I can say is that WBS can reflect the different demands and changes in different regions. For example, when I've come here to the middle-east, I can see more NFT and utility project applications here in the booth areas, especially for the attendees, you can see a difference in the vibes.

CRIS D TRAN
Co-founder, Chief Growth Officer - M3TA Inc

To be here in Dubai, it is the place to be. The way that the leaders here in Dubai accept this new world and all the companies and these pioneers here is amazing. To hang around here with these pioneers is great, I don't want to leave, I want to be here. I want to hang around with the people for many days.

JONAS ERIC WERNER

This event is quite successful for us because we already made several partnerships. We are very proud to be here because yesterday we participated in a very cool pitch event. Unfortunately we didn't win but it was very interesting to participate.
