WCS Overview

World Cloud Show Overview: The 22nd global edition of the World Cloud Show took place in Jakarta, bringing leading global experts from the cloud computing solutions domain to deliberate about the current trends and solutions that are dominating the space.

This path-breaking event casts a spotlight on the boundless potential of cloud computing and data solutions, underscoring their transformative effect across industries. It made an unequivocal case for the swift adoption of these new-age solutions through engaging keynotes, panel discussions, and tech talks. The event acted as a catalyst for innovation and progress, fostering a powerful dialogue that is poised to reshape Indonesia's technological landscape.

Testimonials

World Cloud Show Jakarta 2023 hosted a series of dynamic discussions that shape the future of cloud, cybersecurity, AI, machinle learning, analytics, and data center industries. Together, we share insights and make things happen for Indonesia.

Erick Hadi
Founder of Nusantara Academy, Head of Talent Development and Industry Certification at IDPRO

Talk about agility, scalability, effectiveness for the industry 4.0 always with cloud environtment, our daily live is 100% cloud ready. Cloud is one off the success story key, to build a fast solution in many cases from IaaS, SaaS and also PaaS depend on its case scenario.

Mochammad Zendra Wardhaniawan
Head of information Security Department, PT Citilink Indonesia.

Association of Digital Leader Indonesia and The Jakarta Chamber of Commerce and Industry found the summit is full of great speakers, panellists and world leading technology enablers in the field of digital transformation and digital trust.

Arif Ilham Adnan
Deputy Chairman and Founder (Association of Digital Leader Indonesia), Chairman of Permanent Committee (Jakarta Chamber of Commerce and Industry, Republic of Indonesia)
